## CHARGE AGAINST COUNTY MAN IS DROPPED TODAY

A charge of failure to signal brought against Albert D. Crabbs, 125 Cemetery St., Littlestown, was dismissed by the Adams County court following a hearing this morning. Costs were placed on the county.

And while that decision was reached after a lengthy hearing in which a number of witnesses were heard, the court pointed out that its decision was based on a defect in the information placed against the Littlestown borough truck driver.

The charge was placed following an accident October 14, near Kingsdale, which occurred, all witnesses were agreed, when Crabbs attempted a left turn in a Littlestown borough dump truck just as Richard Leroy Diehl, Union Bridge, Md., attempted to pass the truck with his car. Damage to the car was \$100 and to the truck \$5.

**Witnesses Differ**

There were differences in opinion among the witnesses whether Crabbs had given light signals and hand signals that he was attempting a turn. Crabbs said he had his hand out the truck window for 100 to 150 feet before the accident, and "it was still out when we hit." Crabbs said he did not look back to see if any cars were following before attempting the turn.

But the court held that the information "does not charge him with failing to signal, or failing to look or anything that is covered by the statutes. All it says is that he failed to make a turn in safety." And so the case was dismissed.

The \$25 per week support order of William Haverstick, Abbottstown, was suspended and he was ordered to pay up \$101 arrearage and the costs.

A hearing on an arrearage in the support payments of Gale Bellamy, formerly of Fairfield R. 2 and now of Hilton, Va. began shortly before noon and continued on into this afternoon.

## CAROL SING IS BEING PLANNED AT COUNTY HOME

The Adams County Home Auxiliary today issued an invitation to the entire county to join in a carol sing at Christmas time at the county home to let the guests there know that they are "in the hearts and minds of their fellow-countians."

The community carol sing will be held in the court yard between the various buildings of the home and will be conducted around a huge, lighted Christmas tree. The date for the sing will be announced later, with the program to be conducted on the same evening that the three Christmas parties will be held in the various buildings.

Members of the Annie Danner club will conduct the Christmas party in the Women's Building, the Men's Bible Class of St. Paul's Lutheran Church, Biglerville, will have charge of the party in the Men's Building and the Women's Bible Class of the Gettysburg Presbyterian Church will conduct the event in the Annex.

**New Members Welcomed**

## "BLITHE SPIRIT" CLOSES TONIGHT IN BRUA HALL

"Blithe Spirit," Noel Coward's spoof of the supernatural, opened its two-day stand Thursday night in Brua Hall, Gettysburg College. It was the first of four productions to be given this year by the Owl and Nightingale, the college's dramatic group.

The final presentation will be tonight with the curtain rising at 8:30. Tickets may be obtained without charge from the office of Dr. Richard A. Arms, director of the production, or James Krum, business manager, at the Sigma Nu fraternity house.

The choice of the play was a good one in that "Blithe Spirit" is a well-known, funny farce. While there were many rough spots, the production as a whole was good, and it was certainly thoroughly enjoyable.

The plot of "Blithe Spirit" concerns an author, Charles Condomine, who arranges a seance to gather material for a book. By accident, the ghost of his first wife is materialized, much to the discomfort of all concerned, especially Ruth, his second wife.

**Cast Performs Well**

Wayne Strelein took the part of Charles, and did it very well. He delivered his lines smoothly, as is necessary for a Coward play.

Joanne Banks had the choice part, that of the rather fantastic medium, Madame Arcati, and she played it with all the vigor and energy it demands. When she stepped on the stage, the pace of the play sped up noticeably. However, she had a tendency to shout her lines, which was sometimes unfortunate.

Loraine Johns performed very well as Elvira, the ghost of the first wife, as did Mary Anne Shearer as Edith, the maid. Others in the production were Janet Matthews as Ruth, the second wife; Fred Wentz as Dr. Bradman, and Nancy Long as Mrs. Bradman.

Technical director for the play was Earl E. Ziesler; stage manager was Phelps Pennington. The president of Owl and Nightingale is Courtenay Lenhard.

## Says Report Ike Has Promised GOP He'll Run Is "Nonsense"

TOLEDO, Ohio (AP) — President Eisenhower's press secretary today labeled as "a lot of nonsense" a published report that the chief executive had promised Republican leaders he would run for reelection in 1960.

The secretary, James C. Hagerty, was referring to a story in the Akron, Ohio, Beacon Journal.

Political writer Clyde Mann wrote in today's Beacon Journal that a promise to GOP leaders at a White House meeting shortly after last week's elections in which Republicans lost control of Congress to the Democrats.

**"No Such Meeting"**

"It's a lot of nonsense," Hagerty told newsmen. "There was no such meeting."

Hagerty was asked about the report that the President was hunting duck near Toledo on Lake Erie.

Mann said in his story: "At the meeting, party leaders told the President the party would be without leadership if the President decided to retire."

"Party leaders attributed the GOP loss of the House and Senate to more than just the traditional off-year election (losses)."

Mann claims Hagerty said the story of the meeting was obtained from a person very close to the President, and

## SAYS DEMOCRAT PARTY MAY STAY IN POWER IN PA.

Congressman-elect James Quigley was the speaker Thursday night at the second anniversary of the Women's Democratic Club of Adams County held at the Lincoln Logs Hotel with 150 members and guests present.

The congressman, after praising the group for its work in the last election, told them: "Many of you who never thought you would live to see the day when Pennsylvania had a Democratic governor, may not live to see the day when Pennsylvania will be without a Democratic governor."

"I make this statement because I know George Leader and I know what kind of governor he is going to be and the good government he is going to bring to Pennsylvania. Pittsburgh and Philadelphia have already demonstrated what Republican strongholds can easily be converted into Democratic strongholds by the simple process of giving them good Democratic government. The same thing is about to happen in the entire state under Governor Leader's leadership. Good government will pay off in continued Democratic success."

**Take Credit For Leader Vote**

Mrs. Jay Bringham, president of the club, presided and spoke of its work and the part it played in the recent campaign.

## OFFICIAL COUNT GIVES LEADER 88-VOTE EDGE

Democratic Governor-elect George M. Leader carried Adams County by a total of 68 votes, tabulation of the military ballots this morning disclosed.

The military vote, 15 for Republican Lloyd H. Wood and 11 for Leader reduced the victor's majority by four votes, from 92 to 88. Twenty-seven ballots were cast by the soldiers from the county and according to the law, those ballots could not be opened and counted until today.

Leader's official tally otherwise was 7,216 votes, which gives him a total of 7,227 when the 11 military ballots cast for him are added.

**Wood's Total Up**

Wood had 7,124 ballots cast for him in the general election, other than the votes of the soldiers. With the 15 votes he obtained from the military, his total rises to 7,139.

In counting the ballots the commissioners found that some of the military cut their ballots one way, and some cut the other, but in general the pattern set by the soldiers followed the picture given by the election last week for their sections of the county.

That there was some cutting at the top of military ballots by Republicans was indicated by the vote for Secretary of Internal Affairs in which Dixon received 18 votes to Blatt's eight and in the vote for Judge Woodside, in which Woodside received 16 votes as a Republican and nine as a Democrat.

**16 For Stauffer, Worley**

The other military votes showed Bell as receiving 15 votes, Griffith, 15 votes, Rhodes, nine and Ross nine, for the three judgeships. For Lieutenant governor, Truscott, the Republican, received 17 ballots and nine were cast for Furman.

Congressman Stauffer received 16 votes and Congressman-elect Quigley was given 10 of the soldiers' votes.

Assemblyman Francis Worley received 16 votes and John D. Lippy Jr. secured ten of the military votes.

Following the count the commissioners this morning voted to place steel girders in the Kennedy's Run Bridge near Twin Bridges which was broken by a truck this week. The commissioners reported that the steel girders in the 20-foot nine-inch bridge will replace five oak beams that formerly supported the bridge floor. They said they had been informed that the truck which broke the bridge was a tractor-trailer from Maryland loaded with cabbages. The truck passed safely over the bridge and continued on without stopping, but after its passage four of the five oak support beams were broken off four feet from the one edge of the bridge and the one side of the bridge had been dropped five feet into the creek, while the other side held.

## IKE IS HUNTING FOR DUCK TODAY WITH HUMPHRIES

TOLEDO, Ohio (AP) — President Eisenhower took a "breather" from government business today to hunt ducks on Lake Erie with Secretary of the Treasury George M. Humphrey.

"We should have pretty good luck if it doesn't rain," Humphrey remarked with an anxious look at the skies as the President arrived here late yesterday.

The chief executive flew in from Kansas, where earlier in the day at his boyhood hometown of Abilene he dedicated a \$325,000 Eisenhower Memorial Museum "to the future citizens of a great and glorious America."

### Newsman Barred

The President and Humphrey were staying at the secluded Cedar Point Club on Lake Erie marshland about 14 miles east of Toledo.

Newsman accompanied Eisenhower to the front yard of the club last night but were barred from the premises and the hunting area today.

Humphrey's son Gilbert, the cabinet officer's partner in the Pittsburgh Consolidation Coal Co., George Love, and the President's youngest brother, Dr. Milton S. Eisenhower, made up the hunting party.

Eisenhower plans to return to the White House tomorrow evening to be present for the First Lady's 58th birthday Sunday.

### "Major Obstacle"

Carrige inserted his criticism of Adams in an address to Republican party workers in his district.

Carrige, who had the President's personal endorsement in the recent campaign, told a reporter he had heard rumors that Gov. John Davis Lodge of Connecticut, recently defeated for re-election, would replace Adams as presidential aide.

The Pennsylvania Republican called Adams a "major political obstacle" and said it would be a "happy day" for the Republican party when he (Adams) pulls up stakes in Washington.

## Littlestown

### Pot Luck

Talk of the town this week is the football game this evening with Delone, Dick Selby, who announced the home games over the PA system at L. H. S. and Gettysburg College games over radio, said: "If my information is correct, it won't be much of a game, we'll win." Coach O'Connell: "We'll be in this fighting until the final whistle is blown." Marvin Breighner: "It will be a tough game; the boys will have to fight all the way." Mr. Doll, a loyal fan from McSherrystown with a son on the Squire squad: "We'll win. We have a much stronger team and a lot more boys on the squad." Might also mention that a column in The Harrisburg Evening News, "Saylor Selects," has picked the "Boys to win." By the way a lot of parents think the girls at L. H. S. are attending school in men's khaki pants and boys' shirts. "Taint so! The girls are real feminine in school and wear skirts and sweaters or blouses." Speaking of fashions, Hilda Bish had quite an experience in a dress shop in Gettysburg last week. Ask her what happened??? Our jeweler, Sam, was foreman of the Grand Jury in Gettysburg this week. Lot of people had a vacation Thursday but as usual there were a few hard working people slaving away - Marvin, Doc Marshall, Regina Mummert, Eleanor Snyder and of course the Times staff. Shirl Weikert, telephone operator, breezing around in a new Bel Air. For the second year, Al Bair will don a red suit and whiskers and talk to a lot of children at the Christmas parade Dec. 4. Plan to attend. The parade and decorations should be the best in years - lba

## MAN'S HANGING COMPLICATES MURDER PROBE

BALTIMORE (AP) — The hanging of a 45-year-old married man wanted for questioning about the slaying of a 14-year-old girl complicated police investigation of the case today.

The girl, Carolyn Loretta Washlewski, jazz-loving, boy-crazy teenager who relied on adult makeup and slang talk to appear older, was brutally beaten Monday night. Her nearly nude and battered body was found Tuesday on railroad tracks under a bridge in northwest Baltimore, about eight miles from her home and a vacant lot where police say she was slain.

Among the dozens of "drapes," girl friends and other acquaintances of the high school girl police wanted to question was Ralph B. Garrett.

### Hanging From Car

He lived close to the murdered girl's home, owned a two-toned car similar to one seen where her body was found, and had been missing since he drove his wife to work Monday. His car was found abandoned in nearby Anne Arundel County Wednesday night. Police issued a pickup for him yesterday morning.

Late yesterday afternoon, a man walking along a Baltimore and Ohio Railroad siding, near the vacant lot where Carolyn was beaten to death, spotted Garrett's body. It was hanging by a belt from a brake wheel on top of a gondola car.

"Steady Decent Guy" Police awaited the medical examiner's verdict on the cause of death, presumably strangulation, and whether by his own hand or others.

Technicians from the police crime laboratory combed the scene for clues. Others were sent to re-examine Garrett's car and to check the tires to see if they matched a perfect set of prints found in the lot where Carolyn was slain.

Neighbors described Garrett as a "steady, decent guy."

His wife, who reported him missing when he failed to return home Tuesday, said her husband had been depressed since last week, a condition he felt annually on the anniversary of his mother's death four years ago.

## Seek Lighting Fund Donations Tonight

Littlestown volunteer solicitors will complete their drive this evening for funds for the recently strung overhead wiring system on Memorial Field. Last Friday evening \$356.53 was received by the canvassers. All the sections of town were covered except one side of West King St. and one side of East King St. This evening beginning at 5:30 o'clock, residents of these two streets will be contacted.

Solicitors will also be in the center of the town and at the Delone-Littlestown football game to accept contributions from anyone who has not been contacted.

Letters have been distributed to the parents in rural areas. They have been asked to send their donations to school with their children. The Booster Tag each contributor receives will not admit patrons to the game this evening but will indicate those who have helped bear the expense of the overhead wiring system on Memorial Field. School officials have requested that contributors wear their tags to the game so solicitors will not approach those who have already contributed.

## C.C. Is Planning Santa's Arrival

Plans are being completed by the Littlestown Chamber of Commerce for the Christmas season which officially opens Saturday evening, December 4, at 7 o'clock.

Santa Claus will arrive that evening and turn on the Christmas lights of the town. Santa will be located at Charles Street on a truck and children who visit him that evening will receive treats.

It is planned to have the Littlestown High School band, a combined chorus from all the churches and the Littlestown Men's Chorus present a program.

The committee in charge of the Christmas decorations is: Sam Higinbotham, chairman, Clarence Krichen Sr., W. H. Dern, Samuel Renner, Stanley B. Stover and Clarence Schwartz Sr.

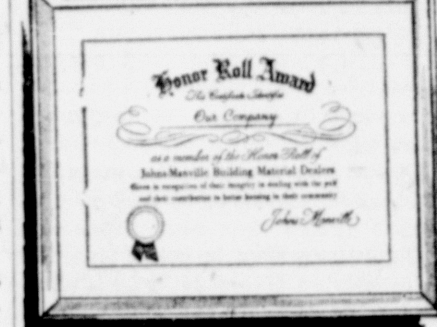

## Tressler Honored By Arts Association

Charles Tressler, industrial arts teacher at Littlestown High School, was re-elected director to the Industrial Arts Association of Pennsylvania for a two-year term at a recent convention held in Hershey. Mr. Tressler is the only representative to the association from Adams County.

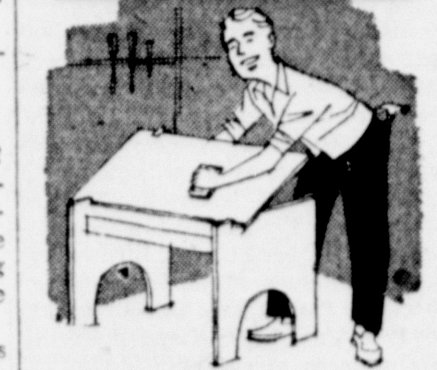

The convention had a large exhibit of teachers' material and machines. The members of the association toured plants in Hershey and saw high school shops in this area.

Littlestown High School was host to the Industrial Arts teachers from Adams County Wednesday evening. The group visited Carroll Arter's upholstery store where Mr. Arter explained and demonstrated the correct methods of upholstery.

Present at the meeting Wednesday evening were: Jack Corbin, Gettysburg; Clyde Coover, Frank Soloski, Biglerville; Laverie Breighner, New Oxford, and Littlestown hosts, Charles Tressler and James Rhoades.

A play, "Lest We Forget," was presented to the members of the Littlestown Junior-Senior High School Thursday morning at a special Veterans' Day assembly.

The play took place at the grave of the Unknown Soldier, Arlington, Va., and told the story of the lives of three soldiers who were killed in World War I, World War II and the Korean War. The cast included: George Snyder, Terry Brown, Richard Horner, Ronald Strevig, James Zulick, Shirley Bixler, Connie Blair, Peggy Blair, Melvin Flynn, James Hahn, Jay Showmaker and Carl Wantz. The play was directed by Richard Thomas, faculty member.

The Littlestown High School chorus, under the direction of Joan Wilt, sang a song for every branch of the armed services. They were accompanied by Marilyn Spangler, Richard Horner and George Snyder gave a brief history of each branch of the service before the chorus sang.

Devotions were in charge of Lenard Potter. A minute of silence was observed in commemoration of the men who gave their lives in battle. School was dismissed at noon.

## New Oxford High's Senior Play Tonight

The Senior Class of New Oxford High School will present its annual class play this evening at 8 p.m. in the school auditorium. The three-act mystery-comedy by Paul S. McCoy is entitled "Stranger in the Night."

The story centers around Sylvia Lee and Mable Crane, owners of a book and gift shop in a mid-western hotel. The shop appears on the surface a most unlikely place for a mystery—until Grant Terry, a newspaper columnist from New York, arrives at the hotel. According to Terry, the owners are unwittingly to figure in a possible murder plot. Although Terry has no notion as to the identity of either the prospective murderer or the intended victim, he is still certain that a fatal plot is under way.

The characters are portrayed by Diane Myers, Bruce Anderson, Kathy Castellano, George Spangler, Betty Griest, John Haverstick, Romona Wallen, Bill Korver, Anna Bieseker, Shirley Laughman, James Dysart, Patricia Mummert and Jay Lough.

Today's Talk

I'VE SCATTERED BOOKS  
In a modest way, I have given away, and scattered to the four winds, books that have inspired me. Just the moment that a book is loved it is personalized. It then takes on character and, in its silent way, wants to go places. How many a book I have bought at a second-hand book shop that seemed to say to me, when first discovered: "Please take me home with you!"

That's why I have taken so much pleasure in scattering books about in libraries, and to personal friends who I knew would befriend the book presented. I wish someone, with the genius to do so, would write a book with the book itself as the main character, personalized, with the whole lifetime of that book told as though it were a person. The story of its birth, its youth, its happy and unhappy days, its discouragements and triumphs, and then its unperishable old age — prized by the learned, housed lovingly in libraries, and doted upon by collectors!

I must do so in a modest way, but it thrills me to give a much loved book to someone of like temperament to mine. When we send a book out upon an adventure, we have no idea how far its influence will spread and its message delivered.

When I go into the reading room of a great library, and note the books piled up before some student, it gives me a personal thrill for then I know there is going to be an intellectual feast in that spot. And if each book could talk, so anxious are books to perform, each one would say: "Take me up next!"

I've scattered books around over the years and I have felt rich for doing so. Books like to be with their kind. They represent pure democracy. They are happy and comfortable beside any book and, as books, never quarrel, but they bide their time to deliver all that they are and know.

Tomorrow Mr. Adams will talk on the subject: "That Someone Else"

Just Folks

NO BEST DRESSER  
Often incorrect am I;  
Suit without a matching tie;  
A brown instead of gray;  
Gloves that should be thrown away.  
Still in one respect I'm right;  
Shirt, for all occasions, white.

Fashion experts who select  
Best-dressed men, my name neglect.  
Just one look at me they take,  
Then their heads they sadly shake  
Saying: "In that shiny blue,  
Goodness gracious! he won't do.

"Coat and trousers should be pressed.  
See the spots upon my vest.  
Overcoat is out of date.  
He's no modern fashion plate.  
Ought to purchase raiment new.  
Needs a shave and hair cut, too.

"Formal wedding, and to that  
Went without a high silk hat;  
Dress coat round the shoulders tight,  
Smell of camphor pellets white.  
Listed be, he never can,  
As our city's best-dressed man."

STALINISM IS PEEKING FROM KREMLIN CELL

By WILLIAM L. RYAN  
AP Foreign News Analyst

Stalinism is coming out of hiding in Moscow. More and more the Kremlin is heaving to the Stalin line, despite outward demonstrations to the contrary. It seems to mean that while talking of peace, the Soviet Union is digging in for a long cold war.

And there will be no letup in pressure against areas of least resistance.

This does not mean a reversal of policy by Premier Georgi Malenkov's regime so much as it indicates the Kremlin is cautiously reasserting those aspects of Stalinism which best suit Soviet world designs.

In Soviet foreign affairs, this probably will bring concentration on two avenues of operation:

1. Those areas the official Communist line dubs "colonial and dependent"—most of Asia, including Japan, all of Africa and most of Latin America.

Talks Of Red Policy

2. Communist-controlled organizations outside the Soviet borders, such as the World Council of Peace, the World Federation of Trade Unions and various associations whose members are conscious or unconscious tool of Soviet foreign policy.

Indications are that the honeymoon between the Communist party leadership and the Soviet people is all but over before it is two years old. The honeymoon began with concessions the nervous regime extended in the days immediately following Stalin's death.

Where Stalinism injured the Soviet Union in the past, it has been repudiated. That permits such things as the determined wooing of Yugoslavia. It also permits more flexibility in maneuvering, particularly with gestures having the look of an ardent desire for world peace.

Quote Stalin

But Stalin's words more and more creep into the official party press without quotation marks. An important article in the Academy of Sciences magazine Problems of History states that the middle classes of Western nations once were "progressive" in character but changed in the "era of imperialism." Thus, it continues, the middle class became reactionary, lost contact with the people and thereby weakened itself. It adds that "progressive forces (meaning those inspired or owned by Communists) are today defending bourgeois democratic freedoms from the attack of imperialist reaction."

Those are originally the words of Stalin, in his last speech. They were directed not to the Soviet party but to the "fraternal" parties abroad, at the October 1952 congress of the Soviet Communist party. Then Stalin advised 115 Red leaders from abroad to go back to their countries and be its patriots, to espouse "democratic freedoms."

Stalin — and the Soviet party — had no tender regard for "democratic freedoms." There were advantages to be had from such a policy, however. It would associate Communists with such freedoms. This association would damage such freedoms and thus cause frictions in such countries as the United States, England and France.

HORMONES USED FOR RELIEF OF ILLS OF AGING

By ALTON L. BLAKESLEE  
AP Science Reporter

NEW YORK (AP)—Tiny daily doses of fresh hormones look promising for overcoming some troubles and dangers of growing old, two physicians said today.

They reported mostly good results in overcoming fatigue, headaches, depressions, nervousness, irritability and even high blood pressure in a group of 61 women and nine men who were in or past the "change of life" period. That is the period in which the natural production of sex hormones starts to decline.

The report was made by Doctors Charles H. Birnberg and Raphael Kurzrok, of Jewish Hospital in Brooklyn and Morrisania Hospital, New York, at a symposium on geriatrics presented by the American Geriatrics Society.

Treats Aged

Geriatrics is the treatment of diseases of the aging. Tablets with tiny amounts of sex hormones were used in the doctors' experiments on people not acutely ill but mainly victims of changes in personalities.

Three quarters of the women were 50 to 68 years old, the others 39 to 50. The nine men were 57 to 67.

The hormones generally had a tonic effect, the physicians said. An unexpected result was a lowering of blood pressure in numerous cases, they added.

Scientists are puzzled by the fact that the U.S. infant mortality rate is one of the lowest in the world but that among people above the age of 10, U.S. death rates are higher than those in a number of other countries.

MILLIONS TO BE SPENT IN RESEARCH ON TOBACCO USE

By ALTON L. BLAKESLEE  
AP Science Reporter

NEW YORK (AP)—A multimillion-dollar search is getting under way to find the answer to this question: Are cigarettes guilty or innocent as a cause of cancer, heart disease or shortened life?

Numerous laboratories and agencies, here and abroad, are conducting it. The search will lead into strange byways.

It should in time produce enough evidence to give yes or no answers, to the satisfaction of almost all physicians and scientists.

Want More Facts

One phase is a research program by the Tobacco Industry Research Committee, starting with an initial half million dollars. This week its scientific advisory board, headed by Dr. C. C. Little, Bar Harbor, Maine, announced the first of six grants totaling \$82,000 for research projects.

This advisory board says no one has yet proved a definite cause-and-effect relationship between cigarette, cancer and heart disease. It has mapped a broad program to cover studies of humans and human lungs, smoke tests on mice, human habits, jobs and geographical differences, the effects of inhaled smoke on animals' nervous systems, blood vessels and lungs, and to make analyses of tobacco.

Painting Man's Skin  
In some laboratories, scientists are breaking down cigarette tars, trying to find any specific cancer-causing agent or agents.

If one were found, and proved — or strongly suspected — as a cause of cancer, it might be removed from cigarettes to make them safe.

Development or use of new types of tobacco, shown to be free of suspected agents, has been proposed. Cigarette paper is being studied. If danger is found to exist there, that could be removed, or avoided.

In one human experiment, a New York scientist is having his skin painted with tobacco smoke extracts, to see if they produce skin cancers as tobacco tars have produced skin cancers in mice. His skin also is being painted with other chemicals which are known to induce cancer in animals.

See Valuable Results

He is relatively safe in this experiment, for any skin cancers which may appear could easily be removed in ample time.

One theory of cancer is that some cancers, at least, come only after years of irritation. This is one reason for suspecting smoking in lung cancer. But, Dr. Little asks, is this because of the irritation, or because the person himself or his body tissues have changed during the process of aging?

Certainly an energetic quest, going deep into various questions or aspects raised, could produce unexpected dividends of great importance in probably unpredictable ways. It could produce more knowledge about cancer or heart disease, not connected with any smoking aspect.

That could become one of the great, positive values from the current controversy.

Water So Pure It's Problem For Phila.

PHILADELPHIA (AP)—The recent dredging of the Schuylkill River has made the water so pure that the city now must use chemicals to kill an excessive number of plants.

That's what Water Commissioner Samuel S. Baxter told a budget meeting of City Council yesterday in explanation of a \$99,850 increase in allotment for chemicals.

The Schuylkill, long known for its silt and pollution, has undergone an extensive clean-up in recent years.

Baxter said the chemicals would kill an increased amount of algae in the water. He said algae are microscopic plants which thrive on clean water and sunlight but lend a bad odor to the liquid and leave "a green ring around the bathtub."

Find Man's Body Floating In River

EASTON, Pa. (AP)—The body of a man identified as Francis Michaels in his late 50's, was found floating in the Lehigh River near the Third St. Bridge in Easton yesterday.

Dr. Stephen R. Wetmore said Michaels apparently died of drowning and had been in the water about one week. Police said the victim lived in the Union Square Hotel in adjoining Phillipsburg, N.J.

Surviving is his widow, a school teacher in York, Pa.

U.S. To Back Big Investment Group

WASHINGTON (AP)—Under increasing pressure from needy nations for a greater flow of American investment dollars, the government has agreed to back a 100-million-dollar international investment agency.

The decision, announced late yesterday, reverses a policy of opposition to the idea of years' standing.

Secretary of the Treasury Humphrey cautioned that the venture would be an experiment "subject to review from time to time." He said the administration would submit the plan to Congress as soon as details have been worked out.

HOWELL SEEKS COURT RECOUNT

TRENTON, N.J. (AP)—Democrat Charles R. Howell, refusing to concede to Republican Clifford P. Case, today seeks court orders throughout the state for a recount of the New Jersey senatorial election.

Terming the results of election "extremely close," a party spokesman declared the people of New Jersey are entitled to know who is their rightful representative.

Case was 3,469 votes ahead of Howell on the basis of official returns from 20 counties and unofficial returns from the 21st—Camden — where a canvass still is under way.

"The present margin of difference is less than one fifth of 1 per centum of the total vote cast," said State Democratic Chairman George E. Brunner of Camden.

"An error of one vote" in each of the state's 3,998 election districts "would be enough to reverse the present trend of the count."

Case has announced victory in the election on the basis of returns so far, which showed he polled 861,627 to 858,158 for Howell.

DELAY COMMITTEE ACTION

WASHINGTON (AP)—Sen. Langer (R-ND) said yesterday current Senate procedures "make it impossible" for the Judiciary Committee he heads to act on the nomination of John Marshall Harlan to the Supreme Court.

Langer referred to the request of Senate leaders that Senate committees refrain from meeting during the session called to act on proposed censure of Sen. McCarthy (R-Wis.).

## Injury-Riddled Bullets Meet Terrors Saturday In Final Home Grid Tilt

An injury-riddled Gettysburg College football team will face Western Maryland College here Saturday afternoon at 2 o'clock as the Bullets conclude their home season.

Coach Johnny Yovislin revealed today that the squad is in its worst physical condition this season. Recent injuries will force a number of changes in the lineup, particularly on the line where three tackles and a guard are nursing injuries.

Bob Finnegan, 210; Frank Eckert, 190, and Hart Beaver, 220, all tackles, will undoubtedly be out of the starting lineup. Finnegan is not expected to be in uniform while Eckert and Beaver may be able to see limited duty. Carl Beck, star guard, is also a question mark for Saturday's game.

**Soltesz May Start**  
Frank Gagliardi, quarterback and the individual Bullet leader on offense with 396 yards and two touchdowns, was injured in the Delaware game and if he is unable to start will be replaced by Jim Soltesz who has proven very efficient in relief roles during the campaign.

Coach Yovislin has not yet determined who will supplant his injured linemen.

Completing the starting backfield with Soltesz will be Bob Eppelman, top rusher and scorer with 224 yards and three touchdowns; Jim McGee with 207 yards and two six-pointers, and Dave Lichtenfeld, a fast improving sophomore.

Dick Lewandowski, junior end, who suffered an arm injury several weeks ago, donned a uniform this week and may break into the lineup against the Terrors for limited service.

**Fear Over-Confidence**  
The Bullet coaching staff is leery of an over-confident feeling on the part of the squad in regards to Saturday's game. Although Western Maryland has played a lighter schedule, they feel the Terrors have the potential ability and incentive for a surprise. Last year the Bullets drubbed Western Maryland 46-7 at Hanover and that shellacking is likely to put the Terrors in a vengeful mood.

Western Maryland is one of the few schools in this area still employing the single-wing style of offense. The Terrors have used it effectively in winning three of six games.

Coach Charley Havens is expected to use the following starting lineup:

**Terror Starters**  
Ends, Ralph Martindell, 179, and Charles White, 178; tackles, Ed Helfin, 187, and Hugh Correll, 189; guards John Duhl, 193, and Howard Hunt, 193; center, Bob Butler, 184; backs, Dick Herah, 174, former Westminster High star; Ronnie Jones, 154; Bill Holbruner, 176, and Al Miller, 175.

Duhl, White and Jones are the only seniors listed to start, the remainder of the opening lineup being composed largely of sophomores.

Dr. Wilbur E. Tilberg, who is in his 29th and final year as dean at Gettysburg College, will be honored during the half time intermission when a scroll, containing the names of the student body, will be presented to him.

**Soph Transfer Is Big Help To TCU**  
FORT WORTH (AP)—Football coach Abe Martin of the T.C.U. Horned Frogs is mighty glad that Arvid R. (Buddy) Dike changed his mind.

Dike, who played his high school football at Oak Park near Chicago, originally was enrolled at Wisconsin. But when his family moved to San Antonio, he became interested in T.C.U.

As a sophomore fullback this season Buddy has made the starting team and is going great guns on the gridiron. In four games Arkansas and Kansas he rolled up 80 yards. He is near the top of the Southwest Conference list for total offense even though he doesn't pass.

If Dike continues his present ground-gaining pace of 65 yards a game he may hit the 700 mark of the season.

**GRIDDERS HOMESICK**  
ADRIAN, Mich. (AP)—Seven burly football players resigned in a body from the Adrian College football team. They turned in their jerseys and said they were going home. The reason? Homesickness.

**SCHOOL GOES TO HOSPITAL**  
GRAND CANYON, Ariz. (AP)—When two members of the six-man football team of Grand Canyon High school were hospitalized with injuries received in a game, their teacher and the four other members of their class went to the hospital for class sessions.

Vatican City, an independent state, has an area of 108 acres.

## CANNERS END SEASON AT K-D ON SATURDAY

Bill Coradetti will take his Biglerville High School football squad to Pown Grove Saturday for a 2 o'clock engagement with Kennard-Dale as the Cannners conclude their 1954 season.

Five seniors on the squad will complete their scholastic careers and all are scheduled for starting positions. They include Don Himes and Bill Sheaffer, ends; Bill Birgen-smith, guard; Paul Little and Dave Slaybaugh, backs.

Coradetti revealed today that Bryant Roe, a back, who had been out due to illness, has returned to the squad and will see action Saturday. Ronnie Koontz, another back, has recovered from a recent injury and will also be available.

The Cannners, plagued by injuries and misfortune this year, have two victories against five defeats and are doubly anxious to wind up with a triumph.

A win Saturday would give the Cannners third place in the Laurel Conference.

Kennard-Dale has a 1-3 conference record.

## NEWCOMER TO BATTLE "TIGER"

NEW YORK (AP)—Hector Constance, one of the few new faces in boxing, hopes to run his unbeaten streak in the United States to three tonight when he faces rugged Ralph (Tiger) Jones at Madison Square Garden.

The lad from Trinidad, however, is an 8-5 underdog to the heavier and more experienced Jones.

The 10-rounders will be broadcast and telecast (NBC radio and TV at 10 p.m., EST).

The rangy, 26-year old West Indian Negro, who has done most of his pro battling in England, drew with Johnny Brown and upset Cuba's Chico Varona in his two American scraps. The victory over Varona shot Hector into the No. 16 ranking among the welterweight contenders.

If he can beat Jones, he'll be well on his way to the top of the welterweight division.

## Hanover Spiders Defeat Bubblers

A blocked punt for a touchdown in the final period gave the Hanover Junior High Spiders a 7-6 decision over Bolling Springs Thursday afternoon on the Bubblers' gridiron. The winning point came when Smith circled end for the extra point.

Bolling Springs went out in front in the first period when Eppley intercepted a pass and ran 50 yards. An end run for the point was smothered by Hanover and was later to prove fatal to Bolling Springs, coached by Jack Harford, former Gettysburg College star.

Hanover reached the Bubbler 1-foot line early in the final period but lost the ball on downs. When the Bubblers attempted to kick out, Baker blocked the boot and Chonisier feel on the ball in the end zone for the tying points.

The Spiders, coached by Fred Haehnel Jr. of Gettysburg, won four of six games this season, the best Spider record in history. Previously the Spiders had never won more than one game per season.

## SHEPHERDS HOST TO GHS GRIDDERS

The football squad of Gettysburg High were guests Thursday night of Mr. and Mrs. Cloyd Shetter, at the annual grid dinner at the Shetter House. Three of the cheerleaders who are Seniors were also honored.

Speaker for the evening was John C. "Buck" Stahle, an alumnus of Gettysburg High and now a local insurance man. Stahle played football for Army and later served as assistant coach for the famous Blanchard-Davis Army teams of 1943-45, which he called "a story-book team."

Stahle told some stories of his West Point days, and gave the boys some advice: "Be honest with yourself and with your squad. Always listen to your coach. Stay in shape. Be sure to remain eligible. If you have the desire and will to win, you will always succeed in life, no matter what field of endeavor you choose."

Master of ceremonies for the evening was George Forney, director of athletics at the high school. He introduced as special guests Gettysburg College Coach Johnny Yovislin, Director of Athletics Henry T. Bream, Trainer Romeo Capozzi, and Line Coach Jack Shaneline, and from the high school staff, Coach Howard Shoemaker, Assistant Coach Ray Ellis, Junior High Coach Luther Sachs, Principal Guile W. Lefever, and Superintendent Lloyd C. Keefeauver.

Ted Crouse, football co-captain, presented a token of appreciation to Mr. Shetter.

## Tourists Unlikely To Starve In Jersey

RED BANK, N. J. (AP)—There are enough signs on the Garden State Parkway to keep you from getting lost, but if you do you shouldn't starve. The north Jersey-shore superhighway boasts of peach and apple orchards in the center island and outer margins plus berries, mushrooms and vegetables.

Of course, unless you are lost and starving, picking berries and fruit is forbidden. A parkway official put it this way: The highway would become a desert in a short time if motorists were allowed to forage at will.

## BOB EPPLEMAN WILL RECEIVE MAXWELL HONOR

Bob Eppleman, hard-running Gettysburg College senior fullback from Gloucester City, N. J., was named this week as the Philadelphia Maxwell Club Award winner for his outstanding performance in the Bullets' 14-13 victory over the University of Delaware last week. Eppleman, the third Gettysburg player in as many years to receive the

BOB EPPLEMAN

coveted award, will be honored Monday at the Maxwell Club's weekly luncheon in Philadelphia.

Eppleman, a 5-11, 170-pounder, is the leading rusher and scorer on the Gettysburg team with a net gain of 224 yards in 50 carries and 18 points scored. He also leads the club in pass-receiving with five catches good for 103 yards. Against Delaware last Saturday, the New Jersey speedster gained 48 yards from scrimmage in 12 carries, twice getting first downs at crucial moments, caught one pass for a gain of 31 yards and a touchdown and turned in a whale of a defensive performance from his line-backer position.

A varsity regular since his freshman year Eppleman has been one of Gettysburg's most dependable and unsung performers. In his career which has two games to go he has carried the ball 260 times and has gained a total of 1,341 yards. A leader off the playing field, Eppleman is a Dean's List economics major and, because of his campus activities, recently was elected to Who's Who Among Students in American Colleges and Universities. He also stars in track and swimming.

Accompanying Eppleman to Philadelphia Monday will be heard football coach John Yovislin, Athletic Director Henry T. Bream, and Gettysburg Publicity Director Jim Tarman.

## Bolt-Squire Game Tonight Is Top Grid Attraction

Local interest in scholastic football games scheduled tonight focuses on Littlestown where the Thunderbolts make their bid for their first undefeated season in history when they are host to Delone Catholic.

An over-flow crowd is anticipated at kickoff time, 8 o'clock. One South Penn Conference game is listed this evening, Mechanicsburg at Chambersburg. The invading Wildcats are expected to maintain their perfect record to set the stage for the Thanksgiving clash with undefeated Carlisle for the conference title. A Mechanicsburg victory tonight means a deadlock for first place with Carlisle.

Carlisle waits until Saturday afternoon when it invades Scotland for a non-conference game with the Cadets.

Tonight Hershey plays at Waynesboro in the makeup of a previously postponed game, and York Catholic is at Hanover. Bolling Springs will go after its eighth straight Saturday night when it meets Shippensburg at Bolling Springs.

## STANDARD BRED HORSE SALE TO WIND UP TODAY

HARRISBURG (AP)—The last of an impressive string of horses were up for sale today at the closing session of the five-day annual standardbred sale here.

At the close of yesterday's bidding, a total of \$1,619,225 had been paid for 779 head of horses. The all-time high for the complete sale is \$1,623,000.

Today's session is expected to bring the total amount bid far above the record for the sale, veteran horsemen said.

A pair of Adios yearlings from the Max Hempf consignment and 60 Hanover Shoe Farm yearlings yesterday brought an average price of \$5,267.

**Hanover Horses For \$25,000**  
Paul Wixom, Chicago, paid the top price of the day, \$34,000 for Noble Adios, an Adios full brother to Little Brown Jug winner Adios Harry.

The colt was consigned by the Hampt farms as was Adios Volo which was bought by Wixom for \$19,000.

Blythe Hanover, sister to Butch Hanover, sold for \$25,000. Frank Ervin, Aiken, S.C., trainer was the purchaser.

Barlow Hanover, a Hoot Mon colt, brought \$25,000 and Lenart Hanover, another Hoot Mon colt went for \$20,000. Both were bought by the Allwood Stables, Far Hills, N.J.

## JOHNSON WILL PICK MANAGERS BY NEXT WEEK

LIGONIER, Pa. (AP)—Arnold Johnson, the man who bought the Philadelphia Athletics and is moving the franchise to Kansas City, says he'll name his field manager and general manager next week.

Johnson made the statement last night at Pittsburgh in an airport interview. He mentioned no names. However, in Chicago, Lou Boudreau, former manager of the Boston Red Sox, said he had been in touch with Johnson.

"But nothing is definite yet," Boudreau declared.

The Chicago Tribune said Johnson announced recently he planned to confer with Joe Cronin, general manager of the Red Sox. The Tribune said:

"Boudreau's contract with Boston, calling for an estimated \$40,000 to \$45,000, had another year to run. Johnson would want to know if the Red Sox will have to assume the entire obligation, or only the financial difference if Boudreau lands another job in 1955. Boudreau admitted he didn't know of such a twist in his contract."

## DELONE FROSH KNOCKED FROM UNBEATEN 13-7

The Delone Catholic freshmen football team suffered its first loss of the season after five straight wins when it bowed to the unbeaten Hanover Junior High Falcons 13-7 Thursday evening at McSherrytown in the final game of the season for both teams. Hanover has a record of 24 wins, two ties and no losses over a period of three years.

Delone kicked off to Hanover and did not get possession of the ball until the second quarter. The little Nighthawks moved the ball on a sustained drive from their own 39 to the Squire 22 yard line. Sparking the drive was the running of halfback Tommy Good and fullback Bob Lehigh. After Lehigh picked up four yards off tackle, he faded back on the next play and fired the ball into the end zone to left end Dave Rodman for the first touchdown of the game. Lehigh's plunge for the extra point was stopped.

**Mann Tallies**  
The Junior Squires came back in time to dominate play in the second stanza. After receiving the kickoff, the Squires moved the ball from their own 23 all the way down field to the Hanover one-foot line. The feature of the long drive was a 57-yard jaunt around left end by "Bucky" Washington, from Gettysburg. With the ball resting inches from the goal line, Earl Mann, fullback, cracked the center of the line for the Delone score. Mann also plunged for the extra point. As the half came to a close eight plays later, Delone was in front 7-6.

Hanover received a punt from the Squires in the third period and put on another long drive that went from their own 42 down to the Delone 18 as the fourth quarter opened. Lehigh banged the center of the line. Good skirted the ends in the drive. On the first play from scrimmage on the Delone 18 Tom Good took the ball on a double reverse and bolted his way around end for the remaining yardage to the goal line. Good also tried for the extra point and made it on a plunge. From this point on Delone never threatened.

SAY CIGARETTE SMOKING STIRS HEART ATTACKS

By ALTON L. BLAKESLEE  
AP Science Reporter

NEW YORK (P)—One of the most sensational reports of danger in cigarettes came last June with announcement of findings in the American Cancer Society's big statistical study.

Oddly, many people apparently missed one of its most significant findings—its evidence that cigarette smoking stepped up the risk of heart attacks. This aspect, new to most people, could have been overlooked in concern over cancer.

In main essence, this study found: Men, aged 50 to 70, who smoke a pack of cigarettes or more daily run about twice the risk of heart disease and cancer as nonsmokers. Smokers run more risk not only of lung cancer, but other forms of cancer. Heavy cigarette smoking might cut an average of seven years from the life span.

Interviewed 180,000 This study, headed by Doctors E. Cuyler Hammond and Daniel Horn, attracted attention because it was based upon interviews with some 180,000 men about their smoking habits, then checks to learn what they died of later.

Said Dr. Hammond, who switched from chain-smoking cigarettes to a cigarette - danger studies have pique:

The effect found on the heart is much more important than the effect found in lung cancer, because heart disease is so much more frequently a killer than lung cancer.

Again, there are many medical men who do not agree with Hammond that cigarettes play any great role in contributing to heart attacks.

It has long been known that smoking can make tiny blood vessels narrow down, kick up pulse rate and blood pressure. Nicotine is usually blamed for this.

In some diseases, particularly Burger's disease—a plugging of blood vessels in the extremities—smoking is banned as a measure to save life or avoid amputations. Publication of the Hammond-Horn results sent tobacco stocks tumbling. But they recovered just as they had from previous drops caused by research reports.

cigarette-danger studies have knocked consumption down to some degree, and have been an impetus for greater sales of filter cigarettes.

A month ago, the Public Health Cancer Assn., a small organization of cancer specialists in public health responsibilities, by a 13-3 vote adopted a resolution advising the public to stop smoking as a way to reduce lung cancer deaths, and suggesting that youths ponder whether the risks in smoking were worth the pleasure.

Some authorities now term cigarettes "a major factor in causing" lung cancer. The New England Journal of Medicine has said editorially that the evidence amounts to "proof within the ordinary meaning of the word."

But other authorities—physicians and scientists—say a link is by no means proved.

The American Medical Assn. has not yet made any editorial pronouncement, nor has its House of Delegates passed any resolution.

Life insurance companies have not raised their rates for smokers.

Twin exhausts with vents integrated into the rear bumper assembly are a feature of the 1955 Lincoln and Lincoln Capri models. Further emphasizing the forward-motion theme are the unusual canted tail light assemblies, which add eight inches to the rear quarter panels. The new models are powered by an improved overhead valve V-8 engine developing 225 horsepower. A Turbo-Drive automatic transmission is new and exclusive in the 1955 Lincoln line. Tubeless tires are standard equipment. The model shown here is a Lincoln Capri coupe.

Lincoln for 1955 has an automatic transmission which combines fluid torque converted with three-speed planetary gear to give the ultimate in smooth performance through all driving ranges. A special designed throttle kickdown permits a particularly fast getaway.

Reduce Axle Ratio  
With Lincoln's new transmission and more powerful engine it has been possible to reduce the rear axle ratio from 3.31 to 3.07, with a resultant further improvement in

fuel economy.

Emphasis has been placed on increasing the torque of an Lincoln engine for 1955. This has resulted in better performance and more rapid acceleration at the low and medium engine speeds. This new advantage was gained by increasing the horsepower rating to 225 and the torque to 332 pound feet at 2,500 rpm's.

Displacement in increasing to 341 cubic inches and cylinder bore diameter to 3.9 inches. The stroke stays at 3.5 inches but compression ratio is increased to 8.5 to 1.

Another first in its field for Lincoln is a newly developed 18 millimeter conical seat spark plug—the first major advance in spark plugs in a generation. This new plug has a wider heat range and, with a larger air gap between the insulator and the outside shell of the plug, reduces the possibility of spark plug fouling. The conical seat design eliminates the gasket, thus insuring against compression leakage.

Dual exhausts are standard equipment on the 1955 Lincoln. They give better economy, faster acceleration and higher top speed. The system consists of an additional exhaust system installed on the left side of the engine, duplicating the one on the right side. A new manifold goes on the left side and the cross-over pipe is eliminated.

FOOT OF HER CLSS  
ST. LOUIS (P)—Rose Marie Florey, 17, studied hard for the role of "The Girl Who Falls Down" in the St. Louis Municipal Opera production of "Oklahoma!" and did just that in a rehearsal, breaking her foot. The part went to a good friend and "just about broke my heart as well as my foot," Miss Florey said.

BROWNELL WILL CUT DETENTIONS TIME OF ALIENS

NEW YORK (P)—Atty. Gen. Brownell has announced plans for greatly reducing the detention time of immigrants or aliens who have to be sent back to their native lands.

In an address prepared to welcome more than 48,000 foreign-born taking the oath of allegiance to the United States in mass naturalization ceremonies in 109 cities across the country and in the territories and possessions, the attorney general announced these new policy steps:

1. A major broadening of pre-inspection procedures for aliens seeking U.S. residence, to avoid disappointments at the ports of entry.

2. A much wider use of parole for aliens whose admissibility or possible deportation is under study.

3. Elimination, in this connection, of the special seaport detention facilities at Seattle and Honolulu, as well as New York where the immigration service is now folding its operations on Ellis Island under a plan announced several weeks ago, and at Boston, San Francisco and San Pedro, already closed.

Brownell's address was prepared for delivery first at Ebbets Field in Brooklyn, where some 6,000 became citizens, and later at the Polo Grounds, where some 7,500 other aliens waited to take the oath of allegiance.

Among other cities holding mass citizenship programs are Baltimore; Buffalo, N.Y.; Boston, Philadelphia, Newark, Paterson and Hackensack in New Jersey; Miami, Detroit, Chicago, Seattle, San Francisco, El Paso, San Antonio; Portland, Maine; and Honolulu.

The Western Pacific Island outpost of Guam won the honor of touching off the nationwide mass naturalization ceremonies — be-

POLICE FRIEND OF SHEPPARD CALLED AGAIN

CLEVELAND (P)—A curly-haired suburban policeman returns to the witness stand today to give more testimony in the state's murder case against his friend, osteopath Samuel H. Sheppard.

Patrolman Fred F. Drenkhan, a social as well as police friend of the defendant, was on the stand Wednesday when the four-week-old trial recessed for the Veterans Day holiday yesterday. The state hopes to use his testimony to undermine Dr. Sheppard's story that a bushy-haired burglar killed his wife.

Drenkhan was on cruiser duty in the windy, early morning of last July 4 when pregnant Marilyn Sheppard was clubbed to death in her Bay Village home. The patrolman says he drove past the house five or six times that morning but saw no strangers in the vicinity.

Dr. Sheppard insists a bushy-haired man killed his wife and knocked him unconscious when he tried to go to her aid.

The state estimated yesterday it could finish with its side of the case by next Friday. The defense would then start presenting its witnesses.

cause it lies west of the international dateline where the date advances one day.

As military units and veterans paraded in a heavy tropical rain, 81 persons became new citizens there. The group was made up of servicemen from the Philippines, Japan, Canada, European countries and some civilians living on Guam.

6 Socialists Will Not Join Cabinet

PARIS (P)—Premier Pierre Mendès-France's bid to enroll the big Socialist party in his coalition government appeared today to have failed.

A party convention decided last night that six Socialists invited to take Cabinet posts should refuse unless the government accepts the party's basic program. It seemed unlikely that the Premier would agree to such terms since he has refused to bind his coalition government to any single party program.

Earlier, the Socialists voted 2,817-454 to support the London and Paris accords to rearm a sovereign West Germany within the Western defense alliance. Ninety-three dele-

Omaha Man Operates Old Popcorn Wagon

OMAHA (P)—Remember the old popcorn wagon? One still is operating here after 54 years. The first saw service in 1900, has had three owners, and now is operated by William Bly, 74, who has owned it since 1940 when he retired as a truck driver. Some of the grandchildren of patrons who bought popcorn to the early part of the century now patronize the wagon. Only change is replacement of the gasoline-operated popper with an electric one. A city fire law required it.

## Sunday School Lesson

Rev. Dr. Howard R. and Margaret C. Gold

### A STUDY IN VALUES

Proverbs 11:27-28;

13:7; 15:13-17;

20:11-12; 22:1-4

Key Verse: A good name is rather to be chosen than great riches, and loving favor than silver and gold. Proverbs 22:1

With today's assignment we close a series of lessons based on passages from the book of Proverbs.

### Red Mount EUB

The Rev. Percy D. Brown, pastor. Sunday School at 9:30 a.m.; worship with sermon at 10:45 a.m.

### St. Paul's Lutheran, Biglerville

Sunday School at 9:45 a.m.; worship with sermon, "Christian Stewardship," at 11 a.m.; Every Member Visitation from 1 to 4:30 p.m.; parish Young Peoples' meeting at 6:30 p.m. Monday, monthly council meeting at 7:30 p.m. Wednesday, Catechetical Class at 7 p.m.

It has been an interesting and helpful study. The passages selected have been of a practical nature. Also, they were modern in thought if not always in expression. The authors were various, it is believed, but they knew human nature which, since their time, has not changed. Proverbs has numerous precepts which we learned (it is hoped) in childhood. Now we have had a quick review.

A study in the values of thought and action is important, especially these days, when so much is offered for consideration. It will be noted that the values here briefly mentioned are set in contrast with others. "A good name" is contrasted with "silver and gold."

"Name" here means reputation and who would say that a good reputation is not worth having; or for that matter, worth passing on to one's children? It is by far a

better inheritance than wealth. And the author goes farther and mentions "loving favor" as superior to "silver and gold." It is assumed that he speaks here of love from neighbor and God. Also, that he has in mind a person of good character as well as reputation. An old definition comes to mind: Reputation is what you are thought to be; character is what you are. And one's character is known completely only by the Lord God.

Fame and wealth are eagerly sought by many as objectives worthy of attainment. Riches in particular are attractive for they offer security of a kind. Failure to obtain riches is considered by many a complete failure in life. A summer acquaintance and I were enjoying an evening in a canoe on Lake Mendota. The conversation turned to the choosing of a life-work. My companion's mind was quickly made up: "Well there's money in real estate. That's my choice and I'd go over the side of this canoe right now." The man was a brilliant scholar and orator, capable of great service but his aim was wealth. There were other channels through which he could

have chosen to direct his energies and for more laudable purposes.

Proverbs 15:13-17 is not only a beautiful passage but reveals high qualities of character. It touches on those inner springs in life from which real blessings flow. As an example: "Better is a little with the fear of the Lord than great treasure and trouble with it." Jewels of thought are found in every line. And again in Proverbs 22:1-4 we find that equality among men which we value so highly: "The rich and the poor meet together; the Lord is the maker of them all."

Proverbs is full of guideposts which can be safely followed. It is a book for the youth who is planning the life which lies before him. It is a valuable book for him who has already gone some years along life's way. He will wisely evaluate the way he has come. For there are many forked roads and he may have taken the wrong way. Finally, Proverbs is only precepts. Jesus the Christ is life itself, a living and ever-flowing stream. Follow Him.

"Once to every man and nation comes the moment to decide, In the strife of Truth with

Falsehood, for the good or evil side."

## RIGHT IN THE HOLLOW OF YOUR HAND

That's where the well-being of your family rests. You want to give them every comfort and convenience in your power. You want to keep them well-fed, well-clothed, and well-housed.

You want them to enjoy every advantage of modern science—through electricity, telephones, movies, radio, and television. Nothing, you say, is too good for those you love.

Of course, then, you'll want something more. You'll want your family to possess that exhilarating and priceless quality known as spiritual well-being—a conviction that God is the Supreme Being in the world.

With this faith your life will abound with hope and you will experience a sense of true security in these uncertain times. To God your destiny is of utmost importance.

Through prayer and regular worship you will find a haven of protection for all your family—right in the hollow of God's hand. Go to Church, Sunday.

**THE CHURCH FOR ALL...  
ALL FOR THE CHURCH**  
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# 'HARMONY' MAY MAKE PARTIES UNRECOGNIZABLE

By JAMES MARLOW  
WASHINGTON (AP) — The Democrats and Republicans may try to get along like brothers in the next two years — but it would be too tough on the voters if they acted like twins.

How could the voters decide between them in the 1956 elections if there was nothing but harmony? The two parties probably won't try to be closer than third cousins: for political reasons, with 1956 in mind, and because of some differences in viewpoint although to many voters the differences may seem neither profound nor sharp.

The voters have shown in the past two elections they're having trouble making a choice.

**Thin Margin**  
In the 1952 elections the voters gave the Republicans control of Congress by a margin so thin that, if it was any thinner, the Democrats would have run the show. In 1954 they indicated Democratic control by an edge almost as fragile.

The overwhelming 1952 vote for President Eisenhower can be taken as a personal triumph for him. The amazingly narrow vote for Congress that year showed how the people felt about the two parties.

While it is possible the voters have been too nearsighted to recognize any great differences in the features and performance of the elephant and donkey, it may be that the differences were more apparent than real.

**Usually Switches**  
Once they're elected to Congress the Democrats and Republicans sometimes vote along strict party lines. More often than not at voting time on any given issue they break up into factions, with Democrats and Republicans making switches in bunches.

Since both parties have men who consider themselves conservative and others who consider themselves liberal, it is natural at voting time for the think-alikes to vote alike.

But what occurs on the floors of House and Senate at voting time is not, of course, all that happens.

## Woman Is Killed When Car Hits Tree

BROWNS MILLS, N.J. (AP)—State police chased an auto for 14 miles on Thursday at speeds up to 90 miles an hour until the car slammed broadside into a tree, killing a woman and injuring two Ft. Dix soldiers.

The woman victim was identified as Miss Gladys V. Booz, 28, of Bristol, Pa. She died in Ft. Dix Hospital about four hours after the crash.

The driver of the auto, listed by police as Pvt. Aubrey E. Hasty, 27, of Mt. Vernon, Ky., escaped with minor injuries. Another rider in the auto, Pvt. Louis Brado, home address unavailable, was taken to Ft. Dix Hospital in serious condition with fractures of the right leg and skull.

State police said the auto was listed as owned by Miss Booz.

The car was so extensively damaged in the crash that troopers had to wait assistance from a first aid emergency squad before Miss Booz could be removed from the auto.

## KILLS OFFICER AND SUICIDES

HELSINKI, Finland (AP)—A high government official said a top Finnish economics expert killed one security police officer and wounded another Thursday before plunging out of a window at his home.

The source said Dr. Keijo Alho, director of the Economic Research Bureau of the Bank of Finland, was taken to a hospital with yet undetermined injuries.

Dr. Alho reportedly rushed into the headquarters of the Finnish security police this morning, shouting: "The Communist revolution is breaking out in Finland." Several police officials escorted him back to his home.

The two parties can make a lot of political hay and headlines in the committee hearings, where most of Congress' work is threshed out.

And since the party which has a majority controls the committees, it is in the best position for hawking, particularly in the field of investigations, by deciding what needs looking into and how.

# STATE DEPT. IS DRAFTING NEW NOTE ON PLANE

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—The State Department is drafting a new note on Russia on the shooting down of a U.S. Air Force plane, hoping to find out whether the Soviets would seriously like to avoid such incidents in the future.

There is an unusual absence of belligerency in the attitude of both the American and Soviet governments, despite their opposing versions of last Sunday's Far Eastern affair, which cost the life of one American airman.

Only last Sunday Soviet Premier Georgi Malenkov expressed to U.S. Ambassador Charles E. Bohlen at a Moscow dinner the desire to make greater use of diplomacy in ironing out East-West differences. Malenkov said this means should be taken to prevent relatively minor problems from becoming major issues, according to a report from Bohlen to the State Department.

**Hope To Avoid More**  
The new U.S. note, it is understood, will reflect the conciliatory tone in which President Eisenhower discussed the plane incident at his news conference yesterday. And it will be responsive to two paragraphs of a Russian note of last Monday which seemed to create a slight hope of avoiding such aerial clashes in future.

In that note, the Russian government expressed "regret" that what it called previous "violations" of Soviet frontiers by U.S. military planes had led "to absolutely unjustified losses."

It then said it would be in the interest of both the Soviet Union and the United States "to take measures for the prevention of further violations of the Soviet state border by American aircraft." The note added that Russia expects the United States to give "appropriate instructions" to Air Force generals.

**Not Over Soviet Territory**  
Diplomatic officials rejected the Russian claim that the attacks on American planes result from flights over Soviet territory. But they were studying with considerable interest Russia's proposal, however one-sided, that something be done.

Just what, authorities said, is difficult to foresee unless the Soviets are willing to give rigid instructions to restrain trigger-quick pilots from firing on American aircraft.

However, there is at least a serious possibility that the whole matter will be further explored through diplomatic channels.

## Queen Mary Sails With New Skipper

SOUTHAMPTON, England (AP)—The liner Queen Mary sailed for New York Thursday with the storm over who should command her apparently all blown out.

A thousand of her 1,280 crew members threatened to strike earlier this week because their regular captain, Donald Sorrell, had been replaced for the voyage to New York and the ship's return with Queen Mother Elizabeth aboard.

The Cunard Steamship Co. ordered its senior fleet officer, Commodore Ivan Thompson, in command for the round trip. Asserting that no slur on Capt. Sorrell was intended, a company spokesman said it was customary for the line's top skipper to be on the bridge when such a personage as the Queen Mother is a passenger.

Thompson normally commands the Queen Mother's namesake, the liner Queen Elizabeth, which took her to America.

## AVERY WILL FIGHT RAIDERS

CHICAGO (AP)—Sewell Avery, chairman of Montgomery Ward and Co., says he'll fight the "raiding parties being organized to grab the large liquid assets of this company."

In an unprecedented news conference Wednesday, the 81-year-old Avery said, "Management is hired to run a profitable business and protect the interests of stockholders. We intend to continue to do so."

Louis Wolfson, Florida financier, and Fred Saigh, St. Louis businessman, both have said they would attempt to gain control of the big retail merchandise firm. Wolfson has claimed his group has bought more than 500,000 shares of Ward's stock.

Wolfson, in a statement at his Miami Beach home, said Avery's statement "is an admission of the charges I have made against Montgomery Ward's present management."

The 42-year-old Florida businessman said he would "take my appeal to the shareholders of Montgomery Ward and my faith in the future of the American economy as against the prophecies of gloom and doom."

By Avery's statement, Wolfson added, "the issue now has been joined."

Ward's annual stockholders meeting will be held next April, at which time three of the nine directors will be up for re-election. One of the three is Avery.

## TWO NAMED IN BABY'S DEATH

BEAVER, Pa. (AP)—Dist. Atty. Richard P. Steward said today voluntary manslaughter charges have been filed against a Marietta (Ohio) College football player and a 19-year-old girl in the death of a newborn baby.

The district attorney said the charges were filed with a squirrel yesterday before county detective Russell Meskow and state policeman William O'Brien left for Marietta to bring Munzio Chelli to Beaver County.

Steward said Chelli, first-string guard for Marietta College, has agreed voluntarily to return to Pennsylvania.

**Find Baby On Road**  
The district attorney said the baby, a boy, was found along a rural road near Beaver shortly after his birth Saturday night. He said an autopsy showed the child had been born alive.

Steward identified Shirley Ann Shuster of Beaver as the mother. He said she admitted orally that the child was hers. Steward said the girl told him the infant was born in an auto and that Chelli, whose home is in Clairton, Pa., was the father and was present at the birth.

The district attorney said the girl told him she thought the child was dead when she abandoned him. Miss Shuster is under "protective police custody" in a Rochester Hospital, Steward said.

Fred Murphy, York, spent the weekend at his cabin, near Galeton.

Stuart Hafer, Syracuse, recently visited his mother, Mrs. Edna Hafer.

# 500 NEGROES, BOYS AND GIRLS RIOT IN PHILLY

PHILADELPHIA (AP)—Some 500 Negro boys and girls rioted Wednesday night in what police described as the "biggest outbreak in juvenile gangdom in West Philadelphia."

Police broke up what they said was a fighting, screaming mob, after seven gun shots were fired, and arrested 46 boys. Most of the milling teen-agers fled through alleys and side streets.

Lt. Millard Mears of the Juvenile Aid Bureau said the fight was between two gangs known as the "Syndicate" and the "Bottoms."

No one was injured seriously, and police said the shots apparently were fired into the air.

One of the boys arrested was seized as he jumped into automobile. Under the car's front seat police found three cartridges and a paring knife.

**Fighting Over Girls**  
Mears said members of the two gangs had been feuding over girls the last month, and a few minor skirmishes had been reported.

Wednesday members of the "Syndicate" went to a "jam session and jitterbug dance" at a West Philadelphia skating rink, Mears said, and the rival gang congregated outside.

Fighting broke out among some of the boys. Soon the disturbance spread. The girls screamed and scratched one another; the boys scuffled and rolled on the streets and sidewalks.

Passersby huddled in doorways, while motorists leaped from their cars and ran for safety as the teenagers blocked traffic.

Fourteen of the older boys were held by police for a hearing on charges of breach of peace. The 32 others, between 14 and 17, were turned over to juvenile authorities.

**NAMED NCCW SECRETARY**  
BOSTON (AP)—Miss Kathryn McCarthy of Mount Carmel, Pa., was elected secretary of the National Council of Catholic Women which ended its convention here yesterday.

**12 TO DIE**  
TOKYO (AP)—Pelting rain Thursday said 25 men who had carried out acts of sabotage on the Chinese mainland had been convicted and sentenced — 12 of them to death. It identified them as "U.S.-Chiang" agents.

# MAN HELD IN HOSTESS DEATH

PHILADELPHIA (AP)—Police today held the fiancé of a former night club hostess, who was found dead in a midcity apartment, on a charge of disorderly conduct after he asked to be arrested.

The fiancé, Henry Shleifer, 25, an unemployed seaman, urged police to arrest him Wednesday in a center city bar after he had telephoned a newspaper reporter to come and interview him.

Shleifer gave the reporter no information on the death of Miss Katherine B. Grancell, 30, of suburban Gladwyne, daughter of a Philadelphia architect. The woman's body was found Wednesday in the apartment of Thomas Johnson, 46, who said he was a friend of her father.

Thomas told police the woman had come to his apartment late Monday night, saying she wasn't capable of driving home. He said she spent the night there and stayed on, dozing and reading, until her death.

Johnson notified police when he couldn't rouse her Wednesday. Detectives said a preliminary investigation showed she had been treated for alcoholism and the use of barbiturates.

A glass partly filled with a clear liquid was found on a bedside table near the body. Nearby was a bottle with a label "take as directed." There were several pills in her handbag.

Meanwhile, police learned that

## Laborite Caucus Decides On Pact OK

LONDON (AP)—Laborite members of Parliament decided at a closed caucus Thursday to accept the nine-nation agreement on the rearmament of West Germany.

The issue will be debated in the House of Commons next week.

The decision represented a complete victory for former Prime Minister Clement Attlee and his party moderates over leftwingers led by Aneurin Bevan.

## ARMED POLICE SUBDUED CONS

NAHA, Okinawa (AP)—A 540-man task force of armed police subdued the 800 rebellious convicts of riot-torn Naha Penitentiary Thursday without a fight.

The prisoners, exhausted by their five-day spree of window smashing and demonstrations over prison conditions, submitted meekly.

Only two of the convicts showed any fight. Both were wounded in the leg by quick blasts from riot guns.

Earlier there had been reports the U.S. Army Engineers might be used to help repair the battered prison, but only Okinawans were working today.

Miss Grancell had obtained a marriage license with Shleifer last April 17 but apparently had not used it.

## IF 2 UPSTARTS WIN SATURDAY, THEY MAY MAKE BIDS FOR BOWLS

By ED CORRIGAN  
The Associated Press

Two upstarts who dared not entertain any fanciful dreams in September can make dates for New Year's Day if things go right tomorrow.

Arkansas, the Cinderella team of the Southwest Conference, needs only to tie the Southern Methodist to clinch the league championship to the embarrassment of such powers as Texas, which was once regarded as an almost-certain winner.

Ohio State has shot to the fore in the up-and-down Big Ten race, and the No. 2 team in the country will seek to make Purdue its eighth straight victim and sixth in a row in league play.

**Buckeyes Favored**  
The Buckeyes might get a real battle from Len Dawson and his aerial circus, but they're the favorites just the same. If Michigan State whips Michigan and Iowa drops Minnesota, Ohio State is in. The Southwest Conference winner automatically is nominated as the host team in the Cotton Bowl in Dallas, while the Big Ten victor

goes to the Rose Bowl.

The other Cotton Bowl team is invited after the season.

The Pacific Coast Conference representative in the Rose Bowl probably will be Southern California, through the courtesy of UCLA. Southern Cal plays Washington and should have no trouble.

UCLA, the No. 1 team in this week's Associated Press poll, is idle before tackling the Trojans next week. The Uclans played in the Rose Bowl last New Year's Day, so they are not eligible to return.

Another team that could see its bowl hopes enhanced or badly marred is Georgia, currently leading the Southeastern Conference. The Bulldogs are undefeated but tied in league play, but they face a strong Auburn club and will be the underdog. The conference winner goes to the Sugar Bowl.

Meanwhile, there are numerous traditional games around the country, and even the ancient Ivy League could produce a winner. Yale, clubbed by Army last week, nonetheless is 4-0 in the league. The Elis play Princeton for the 77th time and could come home first should Harvard turn back Brown and Cornell get past Dartmouth.

Other big ones from a traditional standpoint include Pitt-Nebraska and Alabama-Georgia Tech.

Oklahoma, ranked No. 3 behind UCLA and Ohio State, plays Missouri, Nebraska's chief rival for the Orange Bowl bid. Notre Dame, No. 5 after Arkansas, will try to gain prestige at the expense of North Carolina, while Army, the class of the East and No. 6, has a relatively soft assignment against Penn.

### FIRE AT ZOO

BALTIMORE (AP)—The Baltimore zoo lost \$5,000 worth of rare birds—40 small ones, three pheasants and a hornbill—in a two-alarm fire which broke out yesterday on the ground floor of the old home housing the bird exhibit.

Astronomers say the varying colors on the surface of Mars are the best evidence there is life on the planet because dust from the Mars deserts would cover everything and produce a uniform color if there were no life.

## OPPENHEIMER IS GIVEN HONOR BY ANTI-RED GROUP

NEW YORK (AP)—Dr. J. Robert Oppenheimer, barred from the nation's atomic secrets, has been elected to membership in the American Committee for Cultural Freedom, an avowed anti-Communist group.

The committee announced yesterday that Oppenheimer agreed to accept membership from his home in Princeton, N.J., where he is director of the Institute for Advanced Study.

The ACOF describes itself as an organization of 300 artists, scholars, scientists and writers "dedicated to a responsible struggle against communism and all other forms of totalitarianism."

**Associates With Reds**  
Last June, by a 4-1 vote, the Atomic Energy Commission denied Oppenheimer further access to atomic data. The chief complaint was "his persistent and continuing association with Communists."

The commissioners agreed Oppenheimer was not disloyal, but the majority called him a security risk.

The ACOF said it told the personnel security board of the AEC last April that Oppenheimer aided the organization's anti-Communist efforts "several times in the past year."

The committee said Oppenheimer 50, also was a sponsor of the 1953 Congress on Science and Freedom in Hamburg, Germany, "to combat Communist ideology and practice in the sciences."

**Denies He Was Red**  
Oppenheimer was a central figure in the race to develop the world's first atom bomb for this country.

Later, he was criticized by some for his admitted association with known Communists and for his 1949 opposition to proceeding with development of the hydrogen bomb.

Oppenheimer denies he ever was a Communist and has said that,

## CAROL SING IS

(Continued from Page 1)

Fox appointed Mrs. Frank Culbertson and Miss Margaret McMillan to audit the books of the auxiliary.

**Guests Make Gifts**

A large number of articles made by guests at the home, included pot holders, aprons, small-sized girls' dresses, etc., were sold at Thursday's meeting. Members of the auxiliary said the articles "make fine Christmas gifts" and reported that additional articles made by the guests will be available at the December 9 meeting of the auxiliary at the home. For many guests at the home the only "cash money" they can obtain is secured through the making and sale of such articles.

Mrs. S. E. Kapp reported that donations of tea towels, scarfs and dollies with stamped designs to be embroidered are being received, and the women guests of the home will be taught how to embroider over the stamped designs as part of the sewing project conducted by the auxiliary. A ready sale for the embroidered articles was anticipated.

Mrs. Kapp asked however persons donating the stamped articles secure the type in which the designs are stamped in colors. The colors serve as a guide to the color of embroidering floss to be used and the design can be seen more easily by the elderly women.

**Conducted Services**

It was announced that the Rev. Mark Michael and members of his congregation at Cashtown, McKnightstown and Fairfield, and the Fairfield Mennonite Church members, conducted services at the home during October. The Fairfield Mennonite Church provided the birthday treat during October, giving the ladies who had birthdays during the month gifts of bath towels and face cloths and providing cake for all guests.

Cash donations were made by Mary Ellen Yount and Miss Elsie Garlach during the month. Mrs. R. Henderson, chairman of activities at the home, reported a group of Hunters-town women had visited the home and provided a treat of cake and ice cream.

Mrs. Lloyd Kleinfelter, Mrs. Kapp and Mrs. Murray visited the home and conducted a Halloween party for the guests, with pretzels, potato chips, Halloween candy and cider provided, by the three. Mrs. Herbert Taylor, Mrs. M. E. Rouzer and Mrs. Howard Guise assisted in serving. Mrs. Anzenberger donated ginger bread for the Halloween treat and the Y-Teens made favors for the 20 trays served the bed-ridden patients.

**To Elect In December**

Visits by St. Joseph College students twice during the month and weekly visits by the seminarians at the local Lutheran Seminary were recorded.

Letters are being sent out to the various organizations of the county asking them to renew their membership in the auxiliary, prior to the beginning of the group's fiscal year on January 1.

Officers will be elected for the coming year at the December 9 meeting.

Favors consisting of apples and small American flags donated by Commissioner Taughnbaugh were distributed at the dinner. Music was furnished by Gil Lupp's Gettysburg Collegians.

Mrs. Bringman announced that election of officers will take place at the next meeting of the club, to be held December 20 at the Odd Fellows Hall in Gettysburg. The meeting closed with the singing of "God Bless America."

## PREACHER SAYS HE KILLED MAN ON HUNTING TRIP

(Continued from Page 1)

BLAIRSVILLE, Ga. (AP)—A Baptist minister admitted that while on a hunting trip six days ago he accidentally fired a shot which killed a companion at whose funeral he later preached.

Lt. Woody Wilson of the Georgia Bureau of Investigation said last night the Rev. Carl Brewer, 46-year-old pastor of four rural churches in Union County, admitted the accident in a statement issued through his attorney.

The officer said the attorney, Jack G. Tarpley, quoted the minister as telling this story of the incident:

He and Alvin Towle, 40-year-old farmer and the father of eight children, became separated while hunting Nov. 5. The minister said he fired at a squirrel and that when he went to retrieve the animal, he discovered Towle's body.

The minister said he notified Sheriff Verge Kelly but "because of fear of the consequences and shock" did not admit his part.

Wilson said the minister preached Towle's funeral Monday and that they were reported to have been "the best of friends."

Wilson said no official action was contemplated pending outcome of a coroner's inquest.

"PAT" WEAVER, YOUR INSURANCE MAN, SAYS:

Auto liability insurance, which includes bodily injury and property damage coverage "on the other fellow," is enhanced by the addition of Medical Payments coverage. This coverage provides a specified amount, available from \$250 per person up to \$2,000 or more, to cover medical expenses for the insured and his spouse, and for any one else, while riding in or entering or alighting from the insured's car. The insured and his spouse are also covered in other cars. Medical Payments also covers ambulance fees, and funeral expenses in case of death, up to the amount specified in the policy.

More recently an Extended Medical Payments Coverage has been made available, which extends the Medical Payments coverage to the insured's children and relatives living in his household, while riding in another person's car, and in a taxi or bus; also, if hit by an automobile while a pedestrian, bicyclist, roller skater, and the like. The premium for automobile extended medical payments insurance is very small.

WEBELOS DEN IS ORGANIZED BY CUB SCOUTS

The organization of a Webelos Den took place at a meeting of the Littlestown Cub Scout officials and den mothers on Wednesday evening at the Alpha engine house. Cubs who have passed the lion book requirements or are ten and a half years old are eligible to join this new den. The Webelos Den will be under the guidance of Explorer Scout James Hahn, and will meet the last Monday of each month at 7 p.m., at the home of Scout Hahn, 59 W. Myrtle St. This meeting is in addition to the regular weekly den meetings which the boys will attend. The Cub Scouts comprising the Webelos Den will include Richard Bankert, Paul Bowman, Robert Hahn, James Kroh and Richard Motter.

The Webelos Den is a new innovation in Cub Scouting and has only been in progress a very short time. The main idea of the new den is to better qualify the Cub Scouts to enter the scouting program when they graduate to Boy Scouts. There is a great difference in the programs, since the Cub Scouts training and activities are centered around the home and family and the Boy Scouts are more independent of the home surroundings. Through the new den, the Scout Council feels that more boys will continue Scouting after completing the Cub program.

The Cub officials and den mothers made plans for the Cub Scouts to hold a food sale on Friday, December 3, from 3 to 5:30 p.m. in the vacant storeroom of the POS of A Hall, E. King St. Tentative plans were discussed for the annual Christmas party for the Cub Scouts. The date will be announced later. There was a discussion concerning the projects to be undertaken during the weekly den meetings for the next three months. It was decided that there will be no den meetings during the week of Thanksgiving.

Those present at the Wednesday session were Cubmaster George E. Hornberger and assistants Beavon Hanlon and Stewart N. Long and denmothers Mrs. Robert Gitt, Mrs. Charles E. Ritter, Mrs. Lewis U. Motter, Mrs. Kathryn M. Hahn, Mrs. Paul R. Snyder, Mrs. Earl L. Stites, Mrs. William Withrow, Mrs. Robert Myers, Mrs. Paul M. Bowman and Mrs. David Shildt. The next meeting of this group will be held on Monday, Nov. 29, 7:30 p.m., at the engine house, when plans will be completed for the food sale on December 3.

**THEATER GUESTS**  
Carl Hermann, owner and manager of the Towne Theater, entertained the 32 members of the Littlestown High School football team and their coaches at a movie Thursday evening. The group saw "Outcast," starring John Derek and Joan Evans, in color.

HEAR ROBE IN LITTLESTOWN REGENT THEATER

EVANGELIST L. C. ROBE

LITTLESTOWN—OLD REGENT THEATER IS COMING TO LIFE AGAIN—THIS TIME IN A BRAND NEW ROLL. FOLK WILL BE COMING IN FROM FAR AND NEAR. EVANGELIST L. C. ROBE OF UNION SPRINGS, N. Y., FORMER FLYING HAWKSON, TOOL ENGINEER, MUSICIAN AND TRAVELER, WILL COME TO THIS CITY TO CONDUCT ONE OF HIS FAMOUS BIBLE SALVATION—HEALING CAMPAIGNS, beginning Sunday, Nov. 14, 3:00 P.M., and each week-nite 7:30 P.M., except Mondays for several weeks. This is for all and absolutely free. He carries reams of testimonies on paper and on tape, of what God has done in answer to prayer for multitudes. Miracles have become the order of the day in his meetings. Indeed, as the crowds fill the auditoriums, they see before their very eyes, "The lame walk," "The deaf hear," "All manner of disease vanishes." Jesus, in answer to Prayer of Rev. Robie, lifts the burden of sin, defeat and fear. The newly opened Assembly of God Church in Regent Theater, under the direction of Pastor Chas. Robie, the Evangelist's son, is sponsoring this great series of meetings on the behalf of this whole area. All are agreed that the greatest need of every town and city of America is for God. WE COME TO JOIN FORCES WITH ALL AND FOR ALL TO BRING GOD'S GREATEST BLESSING OF REALITY FROM HEAVEN TO LITTLESTOWN AND AREA. WE THANK YOU IN ADVANCE FOR YOUR GRAND SUPPORT IN THIS GREAT VENTURE OF FAITH. GOD BLESS YOU. COME EARLY FOR A GOOD SEAT.

# Friends Of McCarthy Will Offer Substitute For Move Of Censure By U.S. Senate

**By JOHN CHADWICK**  
WASHINGTON (AP)—Sen. Dirksen (R-Ill.) said today a substitute for a resolution to censure Sen. McCarthy has been "shaped" in an effort to compromise the bitter fight over the Wisconsin Republican's conduct.

Dirksen declined to disclose the nature of the substitute. He would not say whether he had discussed it with McCarthy.

There have been persistent reports that McCarthy's friends were working on a resolution which, while combining some mild criticism with some words of praise, would prove acceptable to a majority of senators.

**To Replace Censure**  
It would be offered in place of the resolution of censure unanimously recommended by a special committee of three Republican and three Democratic senators after nine days of public hearings earlier in the fall.

That committee, accused by McCarthy of acting like the "unwilling handmaidens" of the Communist party, said he had shown contempt for a Senate elections subcommittee that investigated his finances in 1951-52 and had abused its members.

It also recommended that he be

rebutted on the ground that he abused Brig. Gen. Ralph W. Zwicker, a decorated combat veteran, in questioning him at a one-man hearing last Feb. 18 and calling him unfit to wear the uniform of a general.

**Predicted Censure**  
McCarthy has predicted he will be censured.

Dirksen said he would not offer the substitute resolution until members of the special committee have finished statements about the censure.

Chairman Watkins (R-Utah) and Sen. Case (R-SD) already have spoken.

McCarthy indicated yesterday he would not adopt a suggestion by Case that he apologize for what he had said about the elections subcommittee.

Case told newsmen that if McCarthy were to "retract" on the Senate floor what he had said about the elections subcommittee and its members, he felt the angry wrangle over the proposed censure might be quickly ended.

"If he indicated any regret he had uttered those words, it would be very easy for the Senate to accept and then to table (and thus kill) that portion of his resolution," He added that "if we got that

# COURT STOPS RR ENFORCING OF NEW CONTRACT

PHILADELPHIA (AP)—U. S. District Judge Allan K. Grim has continued a temporary restraining order preventing the Pennsylvania Railroad from putting into effect a new contract covering 850 yardmasters. Another hearing is to be held Nov. 23.

The petition seeks to nullify

terms of an agreement between the railroad and the Yardmasters of America. The temporary injunction was granted Wednesday pending a full hearing which was held yesterday.

Edward Davis, union counsel who filed the petition, told the court that the new labor agreement had been reached after conferences with officials of the railroad and union representatives, but that the agreement was subject to approval of the grand president of the Yardmasters' union. The latter rejected it.

**Protested Agreement**  
The railroad advised the yardmasters it intended to put the new agreement into effect on Oct. 19. The announcement brought to a head protests voiced by the yardmasters against terms of the new contract, Davis said.

# 3 KILLED IN HEADON CRASH

Henry McCormick, husband of Kathryn.

State police said Mrs. Shaffer apparently was driving alone. The driver of the other automobile was not determined immediately, they added.

far, the Senate itself might disavow" McCarthy's treatment of Gen. Zwicker "and hat would wash that out." There was no immediate indication whether Case's views were shared by the full Watkins committee or by a Senate majority.

But McCarthy indicated he was in no mood to retract the criticisms he has hurled at the elections subcommittee. He has accused it of being dishonest and of stealing the taxpayers' money.

"If I were doing everything over today," he said in reference to the elections subcommittee, "I would not do it any differently."

He sounded a little more conciliatory, however, in respect to his description of Sen. Hendrickson (R-NJ) as "a living miracle... with neither brains nor guts."

**No Retreat**  
To the feeler advanced by Case that he might apologize, McCarthy said only that "as far as Bob Hendrickson is concerned, I like Bob, we're good friends."

Case, in his speech to the Senate yesterday, contended that McCarthy's "abuse" of Hendrickson and other members of the elections subcommittee obstructed the legislative process and warranted censure.

But he said the record "is not yet closed" and expressed hope that McCarthy would give "calm and reflective consideration" to his suggestions.

**Renewed Charges**  
The day's debate wound up, however, with McCarthy renewing his accusations that the elections subcommittee had acted illegally and improperly and complaining that Watkins refused to let him bring out evidence to that effect at the censure group's hearings.

As McCarthy challenged the select committee's procedures, Watkins exclaimed in exasperation: "I wonder sometimes if I'm on trial." He said McCarthy always manages to turn trials of himself into trials of somebody else.

McCarthy has accused Watkins and two other members of the censure committee, Senators Ervin (D-NC) and Edwin C. Johnson (D-Colo.), of being prejudiced against him. All three have denied it.

**McCarthyite Cavalcade**  
Many of those listening to the debate yesterday were members of pro-McCarthy cavalcades who journeyed to the capital from New York, Boston and other cities to urge their senators to vote against censure.

More than 3,500 of them gathered at a rally in Constitution Hall last night and heard Sen. Welker (R-Idaho), the principal speaker, describe McCarthy as "one of the greatest living foes of Communist slavery." Welker said McCarthy had "brought the country to its senses" but was "rewarded" with the censure move.

In a brief talk at the rally, McCarthy said the censure action "makes me sick with down deep inside," but he said whatever the outcome, his campaign against communism will "go on and on and on."
